POLICY:

Ramp use fees are assessed for each 12-hour block of time of occupancy. For example, if a Boeing 757 (B757) were to park for one hour the fee would be \$450.00. If this same B757 were parked for 11 hours the charge would still be \$450.00. However, if the B757 were parked for 13 hours the charge would be \$900.00 because it exceeded the 12-hour block of time and moved in to the 2nd 12-hour block of time. The purpose of parking, whether it is for loading or unloading, just to park, or change crews, is not under consideration. The City accepts VISA, MASTERCARD, or Company Check as payment methods. Invoicing is done with prior approval.
